ALEXANDRA

THE *BEGINNING*
OF A NEW
DESIGN ERA.

ALEXANDRA

ALEXANDRA apuesta firme por el diseño de vanguardia y de autor. Una nueva línea que nace en 2022 bajo la influencia del prestigioso diseñador valenciano Ramón Esteve que, con su clara vocación por la conquista permanente de los espacios esenciales, realiza propuestas con sabor mediterráneo en honor a sus orígenes. Diseños que están siempre en boga al margen de las tendencias y que perduran en el tiempo.

ALEXANDRA FORWARDS, cuenta además con otros diseñadores internacionales de renombre tales como Francesc Rifé, Gabriel Teixidó, Ben Wu, Yonoh Studio, Venture, Estudi hac-JM Ferrero, SummumStudio o Jacobo Ventura, que aportan a la firma una nueva ola de ideas e inspiraciones que quedan plasmadas a través de diseños modernos y vanguardistas. Creaciones que poseen el don de la elegancia, de la atemporalidad y concebidas para los amantes del lujo sobrio, discreto y sin estridencias.

Esencia, alta calidad, nobleza de los materiales, la tradición artesanal en sus procesos de fabricación, el gusto por el detalle, por el trabajo bien hecho, la personalización de sus piezas y el “made in Spain”.

ALEXANDRA is firmly committed to avant-garde and signature design. A new line that is born in 2022 under the influence of the prestigious designer Ramón Esteve who, with his clear vocation for the permanent conquest of essential spaces, creates proposals with a Mediterranean flavour in honour of his origins. Designs that are always in vogue, regardless of trends and that last over time.

ALEXANDRA FORWARDS also works with other renowned international designers such as Francesc Rifé, Gabriel Teixidó, Ben Wu, Yonoh Studio, Venture, Estudi hac-JM Ferrero, SummumStudio or Jacobo Ventura, who bring to the firm a new wave of ideas and inspiration that are reflected in modern and avant-garde designs. Creations which possess the gift of elegance, timelessness and conceived for lovers of understated, discreet luxury and without excess.

Essence, high quality, noble materials, traditional craftsmanship in its manufacturing processes, the taste for detail, for a job well done, the customisation of its pieces and the “made in Spain” label.

An abstract geometric composition featuring a large, light-colored wood panel with a vertical grain. This panel is intersected by a white, angular structure that creates a sense of depth and shadow. The white structure appears to be a wall or a large architectural element, with a horizontal band of a different material, possibly a lighter wood or stone, visible in the lower left. The overall aesthetic is minimalist and modern.

Francesc Rifé

Interiorista y diseñador industrial, Francesc Rifé funda su estudio en Barcelona en 1994, abarcando desde el interiorismo al diseño industrial, arquitectura, creación de conceptos, instalaciones, grafismo y dirección artística. Influenciado por el minimalismo, y marcado por una historia familiar ligada a la artesanía, articula toda su obra en torno al orden espacial y a la proporción geométrica. También demuestra una especial atracción por los materiales nobles que no le abandonará jamás.

Interior and industrial designer, Francesc Rifé founded his own studio in Barcelona in 1994, handling everything from interior to industrial design, architecture, the creation of concepts, installations, graphics, and art direction. Influenced by minimalism and following a familiar tradition linked to craftsmanship, his work focuses on ways of approaching material honesty, spatial order and geometric proportion.

Ramón Esteve is an architect and designer, one emerging as a consequence of the other. In 1991, he founded the RE_E studio with a transversal vision in which Architecture and Design form a single concept under the same laws and principles of design. His aim is to develop complete environments through a mutual interaction between both disciplines, generating creative solutions for unique places, objects and brands.

Gabriel Teixidó

Gabriel Teixidó se define a sí mismo como un diseñador “bastante” industrial, ajeno a las modas. Su forma de trabajar, en solitario, da como fruto unos diseños austeros y alejados del exhibicionismo formal. Esta discreción y eficacia le ha convertido en un eterno superviviente dentro del panorama de diseñadores industriales españoles. Teixidó tiene una habilidad especial para convertir sus diseños en éxitos comerciales: “lo que me interesa es que mis diseños sean útiles, que la gente se sienta cómoda con ellos, que sean una ayuda”.

Gabriel Teixidó defines himself as a designer who is "quite" industrial, unconcerned with trends. His way of working alone results in austere designs far removed from formal showiness. His discretion and efficiency have made him a permanent figure in the Spanish industrial design scene.
